the quickest way from point **a** to

conversion

glider uses the industry-standard ePub file format. we convert many file formats into this standard, and any conversion is included in our pricing. book cover artwork is to be supplied by you, the author or publisher.

galley

a digital proof of your book is provided for review prior to publishing. this galley proof will run on your own device. any necessary edits are made at this time and the book is finalized.

delivery

your glider app is delivered to you ready-for-publication on the App Store. you will act as the publisher and receive all payments directly from the App Store.

first class at economy prices

production fee per book

limited time introductory price

service includes:
